

Consulting Services

Healthcare providers today are faced with significant financial and resource challenges. LexiCode, an Exela company, offers a broad range of HIM coding and consulting solutions as well as expertise in the healthcare market to meet your needs. Our 35+ years of success in all healthcare settings has been built upon the delivery of high quality HIM/coding solutions utilizing only seasoned AHIMA credentialed professionals.

Compliance and Reimbursement Audits

Value of Compliance and Reimbursement Audits:

- Identifies revenue opportunities (underpayments)
- Ensure compliance (overpayments, non-compliance with coding guidelines)
- Identifies root causes of coding issues: coder error, physician documentation, workflow
- Coder feedback is reviewed and discussed prior to finalization
- Flexible scheduling without a resource commitment
- Auditors are experts in the industry, credentialed, with years of experience
- Ability to work in any EHR or with other non-EHR solutions
- Robust deliverables, including detailed trend reporting, coder/provider education, solid recommendations
- Internal quality assurance ensures second level review of recommendations

We will work collaboratively with your team in each phase (pre-audit, audit, post-audit) to ensure the process is efficient and organized.

Types of audits:

- MS-DRG/CMS-DRG/AP-DRG
- APR-DRG
- Comprehensive Inpatient Coding Audits
- Outpatient Coding Audits
- Professional Fee/Physician-Based Audits – Evaluation & Management, Surgical Encounters
- Specialty Audits
 - Long Term Acute Care (LTAC) – comprehensive or DRG validation
 - Behavioral Health/IPF-PPS
 - Rehabilitation Audits/UB-04 post discharge/IRF-PAI coding:
 - Skilled Nursing Facilities
- HCC (Hierarchical Condition Category)/RADV Coding Audits
